NO. 134.

OBSTRUCTS ROAD

COURT FINES BENJAMIN AUFFART
\$5—APPEALS CASE.

WOULD NOT CUT HEDGE

Circuit Court in Session Today Will
Meet Next December 7—Burch
Note Case Is Continued.

Benjamin Auffart was fined \$5 by Circuit Judge William C. Ellison this morning for obstructing a public highway. The decision followed a trial of the case held several weeks ago here. A motion for a new trial made by Auffart was overruled. Auffart, through counsel, then filed notice of his intention to appeal the decision to the Kansas City court of appeals. His appeal bond was fixed at \$200.

The decision announced by the court this morning follows a litigation quite new in Nodaway county, and which will, to a great extent, determine what constitutes highway obstruction, local attorneys say. The case was one of law, rather than of facts. For this reason a jury which was summoned to try the case, was later discharged.

Auffart rents the 120-acre farm of Fred Carr, southeast of Maryville. By the terms of the farm lease, it is said, Auffart was to keep the hedge about the farm trimmed. A 10-foot hedge is said to grow at one side of the farm and adjoining a public road. To this the county court and Road Overseer A. J. McKillip of that district, objected. They ordered Auffart to cut the hedge.

Instead of complying, it is said Auffart built a wire fence between the hedge and the road. He claimed the hedge was on the Carr farm and therefore was out of the authority of the county court. The state claims however that even if the hedge fence was within the farm boundary, the fact that it had served as a road line for ten years or more, established it as a property division.

So bitter was the fight, that a between-the-acts play was given by Auffart and Overseer McKillip some time ago. It resulted in a disturbance charge being brought against the contracting parties. Auffart was charged with having entered into a fight with McKillip following the hedge controversy.

A damage suit of A. L. Foster against Edward Miller, a dentist of Hopkins, was dismissed in circuit court this morning, on failure of Foster to file cost bond. A similar suit of Mrs. Foster against Dr. Miller is still pending. The suits were instituted last summer.

It is alleged that Mrs. Foster, while driving in a vehicle with her sixteen-year-old son, in Hopkins last June was injured when an automobile driven by Dr. Miller's son, caused the Foster team to run away. Foster sued for the loss of services of his wife as a result of the accident.

Court then adjourned until this afternoon when the trial of the partition suit of Mary J. Scott against John T. Griffey and others, was resumed. It is over the custody of a several months old child, who is an heir to a large part of the big Scott estate.

Judge Ellison declined to pass on the amount of the attorneys' fees in the case of Scott against Griffey, to be taxed as costs in the case, and by agreement of all the parties, Judge J. H. Saylor was selected to hear the evidence and pass on that point in the case, which he will do tomorrow morning. The attorneys asked for \$1,200.

The note and attachment suit of Dennis N. Burch against Jasper H. Burch, will be tried further December 14, according to announcement made this morning. The trial was to have been resumed this morning.

It also was announced that after today, circuit court will be adjourned until December 7, when about two weeks will be spent in completing the September court docket.

New Town Well at Clearmont.

The new town well has at last been completed and bids fair to be a good one. It was completed Saturday evening. It is 62 feet deep and there was at that time forty-one feet of water in it when it was turned over to those having the sinking of it in charge. This will be of great benefit to the business part of town as soon as it is fitted up with pump and the necessary conveniences, also of great benefit to the farmers when in town.—Clearmont News.

Rev. LeGrand of Guthrie Center, Ia., will probably be the new pastor of the Baptist church of Clearmont. He preached at that place last Sunday.

TO ADDRESS CIVIC CLUB

Omaha Business Man Will Speak Here
Thursday Night.

J. L. McCague, chairman of the executive committee of the Omaha Commercial club, will be the principal speaker at the monthly meeting of the Maryville Commercial club, to be held next Thursday night in the Elks club. It was originally intended to hold the meeting Tuesday night, the regular time, but on account of the inability of McCague to be here that day the time was set forward two days.

Mr. McCague, as chairman of the executive board, naturally is one of the strongest members of the club there and determines to a great extent the actions of that civic body along any line. He also is considered one of the most able speakers that organization has. He is president of the McCague Investment company.

Mr. McCague will take as his principal topic here the general business conditions of the country, and especially as relative to local territory.

DECLINES ATCHISON CALL.

The Rev. S. D. Harkness, Presbyterian
Pastor, Refuses to Leave
Maryville.

The Rev. S. D. Harkness, pastor for the last three years of the First Presbyterian church, yesterday declined to accept the pastorate of the First Presbyterian church of Atchison, Kan., which had been offered him. Although the Atchison position would offer him a larger field in which to work, and also at a greater remuneration, Mr. Harkness today said he believed he could accomplish much here yet.

The offer to Mr. Harkness was made Monday, following a visit of nine members of the Atchison congregation to the Presbyterian church Sunday morning. It was then that they first heard Mr. Harkness speak. They appeared so well pleased that on returning they unanimously agreed to offer the place to Mr. Harkness.

The local pastor came here from Columbus, Neb. He has been in the ministerial work for eight years, though this is his first Missouri pastorate.

Provide Private Road.

The county court yesterday granted John Stundon, who lives in the north part of Grant township, permission to construct a private road through the farm of John Grimes on consideration of \$75. Mr. Stundon intends to connect his two farms with the new road which will extend also through his farm. Mr. Grimes was paid \$50 by the court for the roadway and \$25 for fence construction.

The amount of freight receipts at the depot in Burlington Junction for the fiscal year was \$53,922.04. This is a substantial increase over the preceding years. Since J. E. Courter became agent here there has been a good increase every year in the amount of freight handled at the depot.—Burlington Junction Post.

Fine Drunk \$5.

Charles Huff was fined \$5 and costs in police court for having been drunk. He pleaded guilty. On failure to pay assessment he was committed to jail.

Agriculture has gone through two thousand years of evolution and is still in an experimental stage.

RUN TO ROCKFORD

PRESBYTERIANS PLAN A SOCIAL
TOUR THERE NOVEMBER 15.

HARKNESS TO PREACH

Local Pastor Will Address Rural Con-
gregation Once Each Month—
Brotherhood to Direct.

Plans for a sociability automobile run from Maryville to the Rockford Presbyterian church by members of the local congregation Sunday afternoon, November 15, are being made to inaugurate the monthly meetings the Rev. S. D. Harkness will hold there the third Sunday of each month. A committee consisting of Roy Curfman, S. G. Gilliam and George Demott was appointed to confer with Presbyterian motor owners and arrange for getting out as many members as possible for the run.

As the meeting at the Rockford church will begin at 3:30 o'clock in the afternoon, it is planned to have those intending to go on the run to meet at the First Presbyterian church shortly before 3 o'clock.

Conjunctive with the automobile run it was decided last night at a monthly meeting of the Presbyterian Brotherhood to accommodate the Presbyterians of Rockford, many of whom belong to this church, with a sermon by Mr. Harkness once a month. This action was taken because so many of them live too far away to attend services here regularly.

The Brotherhood unanimously agreed at last night's meeting to relieve Mr. Harkness from conducting the services here the night following his afternoon services at Rockford. Members of the Brotherhood will have charge of these meetings instead when the pastor is away.

The following program was given last night.

Vocal solo by Miss Mary Wallace.
Readings by Prof. Harry Miller of "Quite So," by Thomas Bailey Aldrich, and "Tradin' Joe," by James Whitcomb Riley.

Solo by Orlo Quinn.
Talk on "Missionary Study Classes and Prayer Meetings," by John D. Richey.

"How to Make the Church More Efficient," by S. G. Gilliam.

Short addresses by S. E. Farmer, William C. Van Cleave, Prof. H. P. Swinehart and Edward Wells.

RUFFIANS AND PIRATES WIN.

Sixth Successive Defeat Places Ath-
letes in Cellar.

The Dodgers and Athletics basketball teams of the high school were defeated by the Ruffians and Pirates respectively in two rather exciting games in the Washington school gymnasium yesterday afternoon. The Ruffians won by a score of 17 to 11, while the Pirates-Athletics have been defeated six times in succession, placing them alone in the cellar position. The standing.

Teams.	Won.	Lost.	P. C. T.
Pirates	8	0	1.000
Sluggers	3	3	.500
Ruffians	3	4	.428
Dodgers	2	5	.285
Athletics	2	6	.250

Employ Light Superintendent.

Edgar S. Thatcher of Oregon has been employed by the city council of Burlington Junction to take charge of the municipal light plant there. He began his duties Wednesday. The former superintendent recently resigned after he and members of the council disagreed on service. Much complaint has recently been made by Burlington Junction patrons of the light plant. The last shut down was Saturday night, when the city was in darkness for some time.

Appreciate Rest Room.

The worth of the women's rest room in the basement of the court house here was fully realized by a party of Hopkins women who motored this week to Bedford, Ia., and later to Clarinda, Ia. At each place they went to the court house, where they were told there was no rest room provided. Tired from the long ride they returned thankful that they lived in Nodaway county.

TO CUT OUT "JOG"

MAY IMPROVE TURN AT FIRST
AND VINE STREETS.

PLAN FOR MAUSOLEUM

Aldermen Promise to Amend Cemetery
Ordinance That Tomb May Be
Built at Oak Hill.

Two plans for eliminating the one-third block "jog" in East First street on Vine street, in front of the Washington school building, will be submitted at a regular meeting of the city council tonight. It is believed definite action either will be taken on one of the plans or the whole matter placed in the hands of the street committee of the council for action.

Another proposition that will come up for consideration tonight is in amending a city ordinance relating to the operation of Oak Hill cemetery, so that enough ground may be purchased to build a proposed mausoleum. Nearly every alderman has agreed to vote for the change, so that there is little question but what the ordinance will be amended. However, the firm proposing to construct the mausoleum is under no obligation, according to Mayor U. S. Wright, to buy the tract.

The local agent for the mausoleum company this morning said about twenty-five crypts in the proposed mausoleum had been rented and that everything now looked favorable for the construction of the tomb here soon. It is estimated to cost \$30,000, to hold 250 crypts and a large chapel. The exterior is to be of concrete and the interior of marble.

The proposed improvements of the First street "jog" which are to be submitted tonight by City Engineer F. L. Flynt, would cost approximately \$200, to hold 250 crypts and a large chapel. The exterior is to be of concrete and the interior of marble.

The other proposal is to widen Vine street, which would eliminate the danger as well as proposed in the first instance, but not so cheaply.

The usual routine business also will come up for transaction at the council meeting tonight.

LIBRARY BOARD TO MEET.

Institution Loaned 1,339 Books Dur-
ing October.

The regular monthly meeting of the Carnegie library board, which was to have been held in the library last night, will be held this afternoon. The usual routine business will be transacted. The report of Librarian Grace Langan for October follows:

Total number of books and magazines loaned, 1,339; average per day, 48.

Total number readers in rooms, 2,157; average per day, 70.

Number of readers' cards issued, 33.

Total amount of collections, \$11.36.

In Near Auto Accident.

Fred H. French, assistant postmaster, is wearing a rather noticeable gash on his forehead today as the result of his head striking the windshield of an automobile when it suddenly stopped. French and others were riding in a motor car between Graham and Maitland last night, when the car was suddenly turned to one side of the road to permit a horse-drawn vehicle to pass over a culvert directly in front.

The sudden stopping of the car and its being swerved to one side quickly caused French, who was in the front seat, to fall forward against the shield.

The car was slightly damaged.

Pays National Reserve Bank.

The First National bank of Burlington Junction paid its first installment this week to the federal reserve bank at Kansas City, which will open in about two weeks. The payment amounted to \$430 in gold, or 1 per cent of the bank's capital and surplus. Other payments must be made to the reserve at certain intervals.

The senior class of the State Normal school will entertain the faculty in the Normal library at 8 o'clock tonight.

COUNT VOTES TOMORROW

County Court Will Canvass Election
Returns, "Absentee" Ballots Ar-
rive.

The county court will meet tomorrow afternoon to canvass the returns of the general election held in the county Tuesday. It is expected to consume several hours, including the counting of "absentee" votes. Five registered envelopes containing the votes of absent Nodaway county citizens were received yesterday by County Clerk George Demott, while several more arrived today.

They will not be opened, however, until tomorrow, when the county court convenes. This body adjourned yesterday afternoon until tomorrow. No meeting is being held today. All claims against the county for October were allowed before adjournment yesterday.

It is seldom that the official canvass of election returns is awaited with so much interest as is the one scheduled for tomorrow. This is because of the close vote for representation in this county. At present Charles Hyslop, Republican, has a majority of 11 votes over his Democratic opponent, Arthur S. Robey.

With such a small margin, it is almost probable a contest will be instituted by one of the two, depending on which loses from the official canvass and the vote of the "absent" voters.

COOK DENIES ARSON.

Aged Maitland Resident Returns to
Jail—Unable to Give Bond.

Marvin D. Cook, 78 years old, of Maitland, charged with having burned the barn of his son, George Cook, near Graham, about ten days ago, pleaded not guilty to the charge when arraigned before Circuit Judge William C. Ellison this morning.

His release bond was then reduced by Judge Ellison from \$1,000 to \$500 in the hope that the elderly man could be enabled to get his freedom from the county jail, where he has been since his arrest. An effort, however, is being made by the state this afternoon to have the bond increased to \$1,000 as a matter of safety.

It is not believed Cook will be able to give bond, even if it stands at \$500.

Medics Meet Tonight.

The regular bi-weekly meeting of the Nodaway County Medical society will be held in the Carnegie library, beginning at 7:30 o'clock tonight. Several members from over the county are expected here tonight.

To Visit Sick Brother.

Mrs. J. T. Linnville left Friday morning for Moberly, Mo., where she will spend some time with her brother, J. H. Bryant, who has been ill for several weeks. Mr. Bryant is slowly recovering from a stroke of paralysis he suffered recently while in Kansas City.

To eliminate waste and inefficiency in marketing the farmer should keep in close touch with market conditions.

LOSS OVER 50,000

BRITISH KILL GERMANS IN
FRENCH ATTACK.

PLAN LONDON ATTACK

Teutons Prepare Zeppelins for Bom-
bardment World's Metropolis—
Suppress Kaiser's Advance

London, Nov. 6.—A correspondent of the Times in Pas de Calais sends the following under Thursday's date:

"I am credibly informed that the German losses in a supreme attack on the British between Ypres and Lille are well over 50,000. The fighting is still proceeding, but its fury has spent itself. The Germans were repulsed but it is rather early yet to emphasize suggestions of German demoralization."

London, Nov. 6.—The German preparation of Zeppelins for an attack on London is nearly finished.

The Turks are said to have forced the German back across the Yesser river.

DELL LIGHTLE KILLS SELF

Stanberry Butcher, Brother to Former
Normalite Commits Suicide.

Dell Lightle, 27 years old, of Stanberry, a brother to Flossie Lightle, who attended the State Normal school here until four years ago, committed suicide last night by shooting himself in the head with a revolver. Many of his relatives live at Fillmore and Graham. They received notice of his death about 10 o'clock last night.

Mr. and Mrs. Mark DeBord, who live east of Graham, came to Maryville this morning to take the Wabash train for Stanberry to attend Lightle's funeral, which probably will be this afternoon or tomorrow morning. Mrs. DeBord is a cousin to Lightle.

Dell Lightle was a son of A. Lightle, who was interested in the meat market of Allen & Lightle at Stanberry. Young Lightle was employed in his father's shop. He was unmarried and in good health. It is believed by Mrs. DeBord his mind became unbalanced.

WAS CLOSE BOWLING CONTEST.

Townsend's Win 2 of 3 Games from
Toggery—Haines-Barmann Next.

Townsend's El Roi Tan bowling team won two out of three games from the Toggery show team at Yeo Bros.' alleys last night. Cleve Funk had high score of 169, while Deb Strong had high average of 150½. The Haines team will play the Barmann Machineists next Tuesday night. The scores:

Townsend's:			
Edward Schumacher	163	133	149
Cleve Funk	127	169	149
Andrew Thompson	124	441	111

Totals	414	441	409
Toggery:			
Guy Henry	124	139	123
Deb Strong	166	144	141
James Greenley	136	154	111

Totals	426	437	375
--------	-----	-----	-----

Public Works Board Met.

The regular monthly meeting of the board of public works was held in the offices of the First National bank last night. The usual routine work was transacted and bills against the city for water works supplies allowed.

To Visit Mrs. Yeomans.

Mrs. Fred J. Yeomans went to Hopkins at noon to visit Mr. Yeomans' mother, Mrs. S. J. Yeomans, who was injured a few days ago when she slipped and fell.

Arrives from Illinois.

Mrs. Katherine Veeder of New Windsor, Ill., arrived in Maryville last night to visit her brothers and sisters, J. W. and Raymond Shroyer, and Miss Emma Shroyer.

Visiting in Kansas City.

Mrs. Mary A. Phares is at Kansas City, where she will visit friends until tomorrow evening.

It is the duty of every farmer to see that his wife is supplied with every equipment to lighten her labors.

The problem that confronts the farmer next in importance to distribution is diversification.

IS NEW DISEASE

FOOT AND MOUTH AILMENT LITTLE KNOWN HERE.

BUY INFECTED STOCK

Though Seldom Fatal, is Unusually Contagious—Federal and State Governments Pay Equally.

The foot and mouth disease, particularly of cattle, which the federal bureau of animal industry and the state sanitary boards are bending every energy to stamp out in Michigan, Illinois, Pennsylvania and Indiana, is a malady comparatively unknown in America. There have been, however, spasmodic outbreaks in the past fifty years, principally in the eastern states. The authorities go to considerable length to wipe out the disease in the quickest possible time.

The disease is first heralded by a champing of the jaws or lips of the animals. Soon after the lips become red and swollen, the tongue swells and breaks out with sores and the animal drools from the mouth. At the same time the sores appear above the hoofs of the animal.

The disease is not necessarily a fatal one, but the results are, as it is thought best to kill all affected animals, because there is no cure and because the disease is so contagious the strongest methods to stamp it out are necessary.

Carries Like Cholera.

The contagion is carried on the wind much as hog cholera is spread, Dr. Kinsley points out, and its dissemination is so rapid that only the most vigorous means are effective. This means, to kill and burn all affected animals, to disinfect the premises and barns. If it is an old barn, burning it is recommended. If it be newer, a solution of corrosive sublimate sprayed over it inside and out is made.

So much is the disease feared that the government takes very vigorous measures to prevent its spread. The government has a fund for paying half the value of the animals condemned and the states usually pay the other half. In 1908 the government spent \$300,000 in this way in Pennsylvania, Maryland, New York and Michigan. Now it has broken out in two of these states.

No Found in This State.

Missouri and Kansas do not have any fund for the payment of their half of the cattle that might be destroyed by an epidemic of the disease, but it is believed they would surely follow the lead of the other states and pay for such losses if any occurred. In this way the disease can be controlled, for the farmer becomes a more willing agent in helping to stamp it out.

The disease is not new. Its first

TO AVOID CATARRH OR BREAK UP A COLD

Use Hyomei, a Simple Remedy That Instantly Relieves.

At the first symptom of catarrh such as sniffles, fits of sneezing, raising of mucus, itching of the nose, or that choked-up feeling, surely take immediate steps to conquer the disease. Catarrh is not only distressing, unpleasant and annoying, but a serious ailment.

One of the easiest and simplest remedies to check catarrh and break up a cold is Hyomei. Just put a few drops of this antiseptic and healing liquid into the small inhaler that comes with every complete outfit, and breathe it. This medicated air immediately soothes the inflamed tissues and effectively drives out the poison. Just a few minutes use of this most helpful remedy opens the stuffed air passages, clears the head and throat of the unpleasant discharges—you breathe freely and immediately feel better.

Hyomei is so certain to relieve and give lasting benefit that the Orear-Henry Drug Co. sells it on the "No-cure-no-pay" plan.

appearance in the United States was in 1870. Next it gave some trouble in 1884. In 1890 it recurred again, and in 1902 and 1908 other outbreaks were quelled for the time being.

It is usually referred to as a cattle disease although it affects hogs and sheep, but not so virulently.

The outbreak in Michigan and Indiana is believed, tentatively, to have come from water buffalo hides from the Philippines and from tannery supplies from South America, shipped to a Niles, Mich., tannery. Inspectors have found the disease only in the northwest part of St. Joseph county, in the northeast part of LaPorte county, both in Indiana, in southeast Berrien county and in Cass county, Michigan.

Quarantine a Hardship.

There are 32 Indiana and 122 Michigan herds affected, according to the United States Live Stock association. A part have been killed and the remainder are awaiting slaughter. The bureau of animal industry and competent stock men appraise the condemned animals and the federal and state governments pay for them, 50-50. This payment includes cost of disinfecting, which includes spraying ground and buildings with strong germicides.

The stock quarantine is no joke to the people in affected districts. Children cannot go to school, highway traffic is stopped, dogs tied up or killed and shipment of all stuff from affected farms stopped. Deputy sheriffs guard the highways to enforce the quarantine. The carcasses are burned or buried deep, cut open and covered with quick lime and then earth. Infected animals are not dragged to the pits, but are led there, so they may not scatter germs more than necessary.

The KITCHEN CABINET

By the way, The works of women are symbolical. We sew, sew, prick our fingers, dull our sight. Producing what? A pair of slippers. To put on when you're weary—or a stool. To tumble over and vex you—curse that stool! Or else at best a cushion where you lean. And sleep, and dream of something we are not. Put would be for your sake. Alas, alas! This hurts most, this—that after all, we are paid. The worth of our work perhaps. —E. B. Browning.

DAINTY SUMMER SANDWICHES.

Sandwiches need not be kept entirely for picnics, as they are great favorites for Sunday night suppers as well as luncheons. A sandwich should be made of bread at least a day or two old. Cut the slices thin and spread with softened butter.

Brown, white, whole-wheat and graham bread are all used for sandwich making. Some fillings require white bread in order that their distinctive flavor be brought out, while others are improved by the nutty flavor of brown and whole-wheat bread. When a delicate and dainty sandwich is wanted for special occasion the sandwich should be spread with very little butter, then the filling, and after pressing together trim to any desired form.

A morsel of fowl or game put with other meats will give a delightful flavor to the whole mixture when chopped and seasoned.

Egg and Olive Sandwiches.—To six hard-cooked eggs add twelve olives and a half cupful of boiled dressing, salt and pepper to taste. Chop the eggs and olives very fine, add paprika, salt and thoroughly mix with boiled dressing. Spread on thinly sliced white bread.

Mutton Sandwiches.—Take half a pound of cold mutton, some French dressing, four large tomatoes. Chop the mutton fine, mix it with French dressing, add a bit of finely chopped mint. Chop the mutton fine, mix it with the dressing and place on ice. Peel and slice the tomatoes and place them on rounds of bread a little larger than the tomatoes, fill the places in the slices where the seeds were removed with the meat.

FOR SALE AT ALL DRUGGISTS

The ONLOOKER by HENRY HOWLAND A DESCRIPTION

Her eyes are big and soft and brown.
Her fingers white and slender;
Her brow is stranger to a frown;
Upon her dimpled cheek the down
Is very short and tender.

Her rosy lips would tempt a priest
Or lure the gravest squire;
Her smile would charm the savage beast
Her cry for help would make the least
Courageous man heroic.

Her face is fairer than the dawn,
She's purer than the lily;
She is as gentle as a fawn,
As graceful as the stately swan—
And praise has made her silly.

Gratitude.

"My friend," said a good-looking well-dressed man, when William Henry Younghusband went to the door, "I have called here today to offer you my thanks. A year ago I passed this way. Luck had been going against me. I was down and practically out. A dozen people had turned me from their doors. You heard my story and instead of reading me a lecture gave me a piece of mince pie. By your kind act my confidence in humanity was renewed. I went on my way, vowing that I would yet succeed and I have done so. I wish to offer the sincerest expression of my gratitude."

"I am mighty glad to see you again and to hear that you have made good. In case you happen to be in need of any more pie, I think we still have the one from which the piece you got was cut. My wife, who loves me dearly, has never been willing to let me tackle it."

A Possibility.

When war clouds shall be seen no more,
When suffragettes may vote at will,
When no dad needs to walk the floor
To keep his teething offspring still,
When men who toll are glad to know
That they earn more than they receive,
When gossip, flitting to and fro,
Says nothing we may not believe,
When no man shall attempt to take
Advantage of his fellow man,
When meat trusts shall for mercy's sake
Sell meat as cheaply as they can;
When publishers shall eagerly
Bid for the poet's latest songs,
When rulers everywhere shall be
Held blameless for their people's wrongs,
When these things all shall come to pass
When men have learned to safely fly,
When no class hates another class,
And it is never too wet or dry—
Then grouchy men and wives who scold
May learn that nagging day by day
Helps little when one longs to hold
The love that frets to get away.

MERELY WISHED TO KNOW.

"Mother, did father have to ask you more than once to be his wife?"

"Why, dearest, what makes you ask such a question?"

"I just wanted to know whether you always answered no before you thought, the same as you do to me now."

A Meeting of Old Friends.

"Somebody told me, the other day, that Maud Dashington was married. You knew her in school, too, didn't you?"

"Oh, yes; I knew her very well there."
"Oh, what a terror she was! I'm sorry for her husband, whoever—By the way, I wonder who the deuce she married, anyhow?"
"Me."

No Reason to Worry.

"I once played the part of Venus in a pantomime," said the lady who showed her age and was beginning to have a mustache.

"Well, I wouldn't let it worry me," replied the one who was still fair to look upon. "Venus was only a myth, so, of course, you didn't hurt her feelings."

Unfulfilled Expectations.

"That man Titherson reminds me of a torpedo boat."

"How do you make that out?"
"Ever since he was a boy at school people have been predicting great things for him but he's never done anything worth mentioning yet."

Pay a Fair Price and Get Something More Than Fair Clothes

YOU can be well dressed for business and everyday affairs in unusually good clothes at fair prices if you will follow the many men and young men to our store who dress economically, but well.

As soon as you see one of our new fall and winter suits or overcoats, you will like it. And the things you can't see—inner materials and workmanship—will make you come back next season for more.

Our HART SCHAFFNER & MARX clothes have more wear, better fit and later fashions. They are famous for these things the world over.

You will find lots of other good things for the coming cold weather at this store. An early visit will give you the best picks.

EAT CABBAGE, FISH,
SAUSAGE, NEW BREAD

No Indigestion, Gas, Sourness or Upset Stomach if You'll Take "Pape's Diapepsin"—Try This!

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Visiting Sisters.

Mrs. D. E. Haworth and small son, Norris Sanford, of Ottawa, Kan., arrived Thursday night for a visit with Mrs. Haworth's sisters, Mrs. Zetta Broyles and Mrs. H. M. Campbell.

CATTLE DISEASE
SPREADING FAST

Foot and Mouth Epidemic Covers
Wider Territory.

U. S. QUARANTINE IS EXTENDED

Shipments of Live Stock Out of Ohio and Wisconsin Are Barred—Scores of Inspectors Rushed Into Field to Trace Consignments.

Washington, Nov. 6.—Placing of a federal quarantine on shipments of live stock out of Ohio and Wisconsin and reports of the rapid spread of the foot and mouth disease in states already quarantined marked the day's developments at the department of agriculture in the fight against the worst epidemic of the infection ever known in the United States.

Scores of additional federal inspectors were rushed into the field to trace every shipment from infected centers. Reports from inspectors already at work led department officials to predict that many other communities soon will be affected.

Houston and Wilson Confer.

The number of animals killed in infected areas is rapidly mounting up, and the unexpected demand upon the department to meet this loss and the expenses of inspectors led Secretary Houston to confer with President Wilson regarding an emergency appropriation from congress.

Under the present plan the department is paying the salaries of appraisers selected by the various states to fix the value of slaughtered animals and is bearing half of the actual meat value of the animals killed. The states pay the other half, leaving the owners to bear the loss of feed destroyed, of business and of the peculiar value of the live stock killed. From Ohio during the day came reports of infected cattle in the Toledo live stock yards, Fostoria and Moline and Newark. The outbreak in Wisconsin was discovered at Evansville.

Disease Quickly Spreads.

Inspectors reported that the disease had quickly spread over several scattered counties in Illinois. Infected herds were found in Mount Sterling, Brown county; Aledo, Mercer county; Dwight, Livingston county; Plano, Kendall county; Big Rock, Sugar Grove and Kaneville, Kane county; and Summit, Cook county. In Pennsylvania and Michigan the infected areas were reported to have become extended.

So far the government has taken no steps to interfere with the transportation of milk across state lines. The department officials hold that the disease is easily communicated to hogs through milk and even to human beings and children, particularly. The policy now in force, however, is to leave to the local authorities supervision over the milk supply to the various communities.

Many Inquiries Made.

Hundreds of inquiries poured into the department during the day from live stock owners and railroads as to the movement of live stock and feed across quarantined state lines. The government officials declined to make any exceptions to the rule that no live stock may be taken out of quarantined states and the rule that hay, straw and manure must be disinfected before being shipped from infected states. Farmers were advised that two months probably would elapse before they would be able to ship live stock out of quarantined states.

CHICAGO YARDS TO CLOSE

Sprays of Disinfectant Spread Over Acres of Cattle Pens.

Chicago, Nov. 6.—Sprays of disinfectant were sprayed over the acres of cattle pens at the Chicago Union Stock Yards, preparatory to a complete shutdown of the yards, to begin tomorrow, and to continue until Nov. 15, because of the prevalence of foot and mouth disease among cattle. An idea of the magnitude of the work is shown by the fact that 800 men are thoroughly to disinfect 13,000 pens, 725 chutes and twenty-five miles of water troughs before business at the stock yards, the world's largest market, may be resumed.

Supplementing the federal quarantine against interstate movement of cattle from Illinois, the state live stock board ordered a quarantine, also to take effect tomorrow, when no cattle shipments are to be permitted between points within the state until all cattle pens are disinfected and pronounced useable by the state board.

The meat packers, however, said there would be no slump of their industry, no scarcity of meat and, except in the killing and some mechanical departments, no laying off of help, as the present supplies of cattle were sufficient to keep the plants busy during almost all the quarantine period.

Appears in Iowa.

Sioux City, Ia., Nov. 6.—The foot and mouth disease has broken out in Iowa. Deputy State Veterinarian T. L. of Muscatine was called to Parnell, Ia., where this disease has appeared. Seven farms have been placed under the most strict quarantine, but cattle and hogs are affected by the plague. State and federal officials have been summoned to Parnell for investigation and conference.

GERMAN VICTORS TELL
OF NAVAL BATTLE

Wireless Cry Is Last Word From
Craddock's Squadron.

Valparaiso, Chile, Nov. 6.—A wireless cry from the British cruiser Glasgow—intercepted by the German victors—was the last word received from Rear Admiral Craddock's squadron following the engagement off the Chilean coast Sunday.

The Germans saw the Monmouth sink and heard an explosion on board the Good Hope that they believe sent the crippled flagship to the bottom.

There were about 650 men on the Monmouth when it disappeared beneath the waves. Admiral Craddock had 900 men with him on board the Good Hope.

Whether the Glasgow and the transport Otranto, which escaped destruction, survived the damage suffered is not known. The whereabouts also of the German cruisers Leipzig and Bremen remains in doubt.

Further details of the first really important naval battle of the war became known from statements made by German officers. The latter did not hesitate to commend the bravery of the Britishers and intimated that an effort to save lives would have been made if the weather had permitted.

The engagement was fought in the teeth of a norther that assumed almost hurricane proportions. Small boats could not live in the sea. The heavy weather mitigated against the larger ships and the Good Hope found its guns almost useless because of the ship's roll.

When the five German warships sighted the three British vessels the latter altered their course to avoid an unequal match, but the Germans headed them off and forced the battle.

RUSSIA CLAIMS SUCCESSES

Change Noted Since November 3 on East Prussian Line.

Petrograd, Nov. 6.—The following official communication from the Russian general staff headquarters was given out here:

"A sudden change has been noted since Nov. 3 on the East Prussian frontier, where the enemy which recently has been on the defensive almost everywhere has begun to fall back at certain points. This retreat is precipitate on the left wing of the enemy which was vigorously thrown back toward Biala and Lyck. Our troops took Bakalarjevo, capturing a large quantity of arms and ammunition and making prisoners of a German company.

"On the left bank of the Vistula the Germans continue their precipitate retreat towards the frontier. Their rear guards have been dislodged from Kolo and Przedberz.

"In the region south of Kielce during the last week we have made prisoners of 200 officers and 15,000 soldiers and have taken a large number of cannon as well as machine guns."

Legislature Goes to Democrats.

Lincoln, Nov. 6.—The next Nebraska legislature will be controlled in both house and senate by the Democrats. Returns from districts electing all save fifteen members of the 132 in the legislature show fifty-five Democrats in the house and twelve in the senate, a majority in each instance. Thirty-four Republicans have been reported elected to the house and eleven to the senate.

Missouri Legislature Will Be Dry Body

St. Louis, Nov. 6.—The next Missouri legislature will be dry, according to information received at the offices of the Missouri Anti-Saloon league, and the league will attempt to obtain the passage of a law providing for precinct and ward local option in St. Louis. This was stated by Rev. W. C. Shupp, state superintendent of the Missouri Anti-Saloon league.

THE SATISFACTORY STORE

The store that appreciates your business—no matter how small. The store that gives 100 cents worth of value for every dollar you spend. The store where anything is returnable and money refunded.

Sam Townsend, Mr. and Mrs. R. F. Protzman, Mrs. S. J. DeArmond, Mrs. Florence Staples, Mrs. T. H. Cook, Miss Bess DeArmond and Clun Price, son, were present. The next meeting will be at the parsonage with the Rev. and Mrs. Cox.

Near Two Million Tons of Hay.

Missouri farmers produced 1,845,000 tons of tame or cultivated hay during 1914, according to the preliminary estimates made by the United States department of agriculture. The yield last year was 1,800,000 tons. The product is selling for an average of \$14.10 per ton, compared with \$13.20 per ton in 1913. The yield per acre this season is three-quarters of a ton and the quality is not as good as that of the average crop of the past ten years.

Motored to St. Joseph.

Mr. and Mrs. G. L. Willey, Mrs. J. E. Robinson and Mrs. O. C. Hanna drove to St. Joseph Friday in the Willey car and spent the day with friends.

Here from St. Joseph.

Mrs. Paul Litts of St. Joseph is visiting in the city, the guest of Mr. and Mrs. Earl Holt.

ESTIMATE CROP YIELDS.**Government Says Missouri Corn Will Yield 38 Bushels Per Acre.**

The crop reporting board of the United States department of agriculture has just completed its estimate of the acre yield of the principal farm crops of Missouri for this year. The estimates are based on crop conditions during the early part of October. The final figures will be given out within a short time, but it is reported that they will not differ to any great extent with the preliminary estimates. According to the figures the yield per acre of some of the principal crops of this state in 1914 will be as follows: Corn, 38 bushels; buckwheat, 19.5 bushels; Irish potatoes, 167 bushels; sweet potatoes, 125 bushels; tobacco, 1,189 pounds; flax, 9.6 bushels; cotton, 230 pounds.

FRECKLE-FACE**Sun and Wind Bring Out Ugly Spots—How to Remove Easily.**

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a real complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Holbrook's Barn Burns.

The barn on the C. C. Holbrook farm in Atchison township was destroyed by fire Tuesday night. About 600 bushels of corn, a carriage and some implements also were burned. The building and contents were insured.

J. W. EVANS**Auctioneer**

Halt Own Move North.

GERMANS KEEP ON HAMMERING

Anglo-French Fleet Continues to Bombard Dardanelles For.s.

Berlin, Nov. 6.—The Constantinople correspondent of the Frankfurter Zeitung has sent the following dispatch to his paper: "The Turks attacked and destroyed a Cossack battalion on the Russo-Turkish frontier near Crulla and then crossed the frontier, taking up a strong position in Russian territory."

London, Nov. 6.—The opposing armies in West Flanders still stand virtually as they have stood for many days. While the Germans keep hammering away at the allies around Ypres, which route they chose for their march to the coast after they had found the road along the sea barred to them, and the allies are making an effort to move northward to Ostend, neither side has got very far.

The Belgians and those supporting them have found that the floods which they created to stop the German advance are a hindrance to their movements, although they have been able to occupy some villages, including Bixchole, which had been in the possession of the Germans.

Around Ypres the German offensive, according to the accounts of the allies, has met with no success. In fact it seems that all along the line there has been merely a repetition of artillery duels and of infantry attacks and counterattacks, which sometimes succeed, but more often do not.

Drive Back Germans.

On the frontier in the east more wide-sweeping movements are being made by the opposing armies. The Russians, from all reports, have driven back the German center to the river Warthe, in Russian Poland, have held back a German offensive movement from East Prussia and now are straightening out their line for a more vigorous offensive against the Austrians, who have been trying to beat their left wing in Galicia.

It is to the battles in these regions that the British military men are now looking, for they declare that if the Russians can keep up their successful fighting against the Austrians and Germans, relief will come to the allied armies in the west, because of the necessity for a withdrawal of German army corps from France and Belgium to protect Silesia and East Prussia.

Effect of Turk Move.

These military observers express the belief that the Turks' threat against the Russian Caucasus will weaken the Russian armies by withdrawals from Poland, but the Russian authorities say that the advent of Turkey into the war already has been discounted and that they have sufficient troops to deal with Turkey on the spot.

The first reports of the fighting between the Russians and the Turks are as conflicting as were the first Austrian and Russian accounts of the warfare in Galicia.

Claims of Victory.

Each contender claims to have invaded the other's territory and to have defeated its frontier armies. These fights, however, probably have only been advance guard affairs and it is thought that some time may elapse before a pitched battle takes place.

The Anglo-French fleet continues to bombard the Dardanelles fort, but the Turks say the warships have inflicted no damage. In other parts of Turkey, British warships are being kept busy. The government, however, has ordered that holy places shall be respected by the British gunfire as long as the Indian subjects visiting them are not molested.

This necessity for respecting the feelings of its Moslem subjects, it is considered here, may hamper Great Britain somewhat in the prosecution of the war against Turkey, but with its large Moslem population it cannot be disregarded.

American Marines Landed in Syria

Paris, Nov. 6.—American marines have been landed at Beirut, Syria, for the protection of American interests.

**MOTHER! THE CHILD
IS COSTIVE, BILIOUS**

Don't hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrup. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

**DEMOCRATS HAVE 24
MAJORITY IN HOUSE****Only One Congressional District
Still Uncertain.**

New York, Nov. 6.—The membership of the Sixty-fourth congress as the result of Tuesday's election, excluding a few contests still in doubt, will be as follows:

House of Representatives—Democrats, 229; Republicans, 198; Progressive, 7; Socialist, 1; Independent, 1. Democratic majority, 24.

Senate—Democrats, 53; Republicans, 39; Progressives, 1. Democratic majority, 13.

Senatorial contests still in doubt are Colorado, Nevada and Wisconsin. Democratic leaders still claimed the election of Charles S. Thomas over Hubert Work in Colorado, and of Francis D. Newlands over Samuel Platt in Nevada. Republican leaders claimed the election of Francis E. McGovern over Paul A. Huston (Dem.) in Wisconsin, but through an error discovered in one of the Wisconsin counties an apparent majority for McGovern had been swept away, leaving the situation much in doubt.

The result in only one congressional district is undetermined. In the first New York district, Frederick C. Hicks (Rep.) and Representative Lathrop Brown are running on virtually even terms and the outcome probably will not be known until an official count is made.

KANSAS RETURNS CURTIS

Republican Has Plurality of Nearly 5,000 Over Neeley.

Topeka, Nov. 6.—Charles Curtis (Rep.) is going back to the United States senate, after an absence of two years, to succeed Senator Joseph L. Bristow, whom Curtis defeated for the nomination in the primaries. With all counties heard from, Curtis has a plurality of 4,782 votes over Congressman George A. Neeley (Dem.).

Despite big pluralities for the Republican state ticket, the Democrats gained one congressman. In the Eighth district, W. A. Ayres defeated his Republican and Progressive opponents and will succeed Victor Murdock in the house. Murdock left the house to become Progressive candidate for United States senator. He was third in the race.

GRAIN AND PROVISIONS

Closing Quotations on the Chicago Board of Trade.
